— EXPERIENCE DESIGNWORK

Architectural grade specifications.

We partner with global engineered manufacturing standardizations, ensuring every square foot and every brass component performs under harsh tropical climates.

Download Technical Sheet ↓

Glass Standards:	AIS	Saint-Gobain Toughened & Laminated — Rated to 1.44m² per panel, withstanding 2kPa wind load. Requires fully-enclosed perimeter with edge gaskets (100–200 gsm).
Plywood Certification:	IS:710 Marine Grade BWP (Boiling Water Proof) — 100% Sulfate-hardened core, zero-void pressure impregnated with phenol formaldehyde resin. Class 1 emission.
Hardware Mechanics:	Hettich Sensys 8 & SUGUS Stainless Steel — Tested for 500,000 opening cycles. Fully-concealed, load-bearing multi-layer coating resistant to coastal brine corrosion.
Module Kitchen Tech:	Siemens Bosch & Hettich Modular Hardware — Synchronized Soft-Close tandem drawers, lifting flush carcass, integrated soft-close hinges, 360mm drawers.
Appliance Engineering:	Schott Ceran Glass & Baffleless Extraction — High-efficiency copper induction coils, 9-level silent touch controls, 1400m³/hr extraction with auto-clean thermal sensors.
Showroom Location:	Chelari, Malappuram (Calicut Bypass, Kerala) — Direct access on NH 66 Calicut Bypass, Malappuram, Kerala. Ample parking, free consultations, and weekend architect lounge.

— PROFESSIONAL TRADE ADVISOR

Dedicated support for Kerala's architects & designers.

We partner with global engineered manufacturing standardizations, ensuring every square foot and every brass component performs under harsh tropical climates.

Studio Sample Boxes
Curated material kits of IS:710 marine-core plywood, architectural glass, and brass hardware delivered directly to your studio.

— TESTIMONIALS

Trusted by architects across Kerala.

★★★★★

"Chelari Trading's is my go-to for luxury villa projects. Their IS:710 marine plywood has a marine plywood calibration and architectural brass handles have zero compromise on quality."

Ar. Akshy Kareem
Principal Architect, Kareem Associates, Malappuram

★★★★★

"The reeded fluted glass and modular kitchen hardware we sourced from Chelari's waterfront audience in Kerala transformed the entire home. Prompt delivery and authentic grades."

Dr. Suhas Nambiar
Client, Villa, Calicut

★★★★★

"Finding authentic IS:710 Marine grade and contemporary matte black fittings under one roof with technical consultation makes Chelari Trading an unbeatable."

Muhammed Rishad
Interior Designer, Malappuram

— FREQUENTLY ASKED QUESTIONS

Answers for architects & homeowners.

Everything you need to know about modular kitchen fittings, custom glass cutting, and showroom appointments.

What hardware brands are fitted in your modular kitchen systems?

We supply genuine Austrian Blum (Tandembox & Legrabox) and German Hettich (Innofit Atira) motion systems. Every drawer features synchronized full-extension runners, lifting door stays, integrated soft-close dampers, and Merino handleless touch-release mechanisms.

How do I verify authentic IS:710 Marine Grade Plywood?

Can you supply custom-cut fluted and toughened glass for partitions?

Do you provide delivery and logistics across Kerala?

Can architects and interior designers request material sample kits?

Where is your showroom located and do I need an appointment?
