— INTERACTIVE MATERIAL STUDIO

Examine materials in interactive detail.

Toggle between our five core divisions to inspect tactile finishes, structural substrate grades, and architectural certifications.

- Architectural Fluted Glass — Toughened, privacy-diffused fluted glass
- IS:710 Marine Calibrated Plywood — Boiling water proof, termite resistant
- Sculptural Knurled Brass Hardware — Machine-knurled solid brass lever
- Precision Modular Kitchen Systems — Soft-close, ergonomic cabinetry
- Built-in Induction Hob & Chimney Suite — Flush-mount, high-efficiency extraction

— ENGINEERED EXCELLENCE

Architectural grade specifications.

Engineered for high-humidity environments and demanding manufacturing standards, ensuring every square foot and every brass component performs under harsh tropical climates.

Download Technical Sheet ↓

Glass Standards:	IS:1 Tech Global: Toughened & Laminated — Built to Tabrez Architectural Glass Standards. Impact-resistant, fully tempered safety glass system.
Plywood Certification:	IS:710 Marine Grade BWP (Boiling Water Proof) — 100% Sulzer hardwood core, vacuum pressure impregnated with phenol formaldehyde resin bonds.
Hardware Mechanics:	Solid Forged Brass & SUS304 Stainless Steel — Tested for 500,000 opening cycles. Fully IP-protected Hettich Sensys locking modules shielded in coastal-grade corrosion.
Module Kitchen Tech:	German Blum & Hettich Motion Hardware — Synchronized Servo-Drive soft-close runners, 90kg load capacity, integrated soft-close dampers, 270mm of extension.
Appliance Engineering:	Schott Ceran Glass & Baffleless Extraction — High-efficiency copper induction coils, 9 level silent touch controls, 1450m³/hr extraction with auto-clean thermal sensors.
Showroom Location:	Chelari, Malappuram (Calicut Bypass, Kerala) — Direct access on NH 66 Calicut Bypass, Malappuram, Kerala. Ample parking, free maintenance, and dedicated architect lounge.

— PROFESSIONAL TRADE SERVICES

Dedicated support for Kerala's architects & designers.

— TESTIMONIALS

Trusted by architects across Kerala.

★★★★★

"Chelari Trivandrum is my go-to for luxury villa projects. The quality of their IS:710 marine plywood cutlery and architectural brass handles have zero compromise on quality."

Ar. Akshay Kareem
Principal Architect, Kareem Associates, Kochi

★★★★★

"The weather-fluted glass and modular kitchen systems they supplied for our waterfront residence in Kerala transformed the entire home. Prompt delivery and authentic grades."

Dr. Suhas Nambiar
Client, Villa Project, Kozhikode

★★★★★

"Finding authentic IS:710 Marine grade and contemporary matte black fittings under one roof with technical consultation makes Chelari Trivandrum unbeatable."

Mohammed Rafeed
Interior Contractor, Malappuram

— FREQUENTLY ASKED QUESTIONS

Answers for architects & homeowners.

Everything you need to know about our modular kitchen fittings, custom glass cutting, and showroom appointments.

What hardware brands are fitted in your modular kitchen systems?
We supply genuine Austrian Blum (Tandembox & Legrabox) and German Hettich (InnoTech Atira) motion systems. Every drawer features synchronized full-extension runners, 90kg load ratings, integrated soft-close dampers, and lifetime manufacturer mechanical warranties.

How do I verify authentic IS:710 Marine Grade Plywood?

Can you supply custom-cut fluted and toughened glass for partitions?

Do you provide delivery and logistics across Kerala?

Can architects and interior designers request material sample kits?

Where is your showroom located and do I need an appointment?
