— CURATED PORTFOLIO

Explore our showroom collection.

Each piece is selected for timeless aesthetics, tactile materiality, and rigorous structural longevity.

All Disciplines · Glass Solutions · Plywood & Surfaces · Architectural Hardware · Modular Kitchens · Home Appliances

— INTERACTIVE MATERIAL STUDIO

Examine materials in interactive detail.

Trigger hotspots on the curved fluted glass to explore core finishes, structural substrate grades, and architectural certifications.

Architectural Fluted Glass
Curved tempered glass with precision-milled vertical reeding.

IS 710 Marine Calibrated Plywood
Premium hardwood core with BWP bonding.

Sculptural Knurled Brass Hardware
Milled from solid alloy, featuring architectural knurled ergonomic grip.

Precision Modular Kitchen Systems
Recessed handle profiles & soft-close hinges.

Built-in Induction Hobs & Chimney Suite
Flush-mount high-efficiency induction cooktops.

— ENGINEERING BEGINNINGS

Architectural grade specifications.

We partner with globally recognized manufacturing powerhouses to ensure every hinge, board, and glass panel we specify meets rigorous international standards.

Download Technical Sheet ↓

Glass Standards:	ASI / Saint-Gobain Toughened & Laminated — Made to Stress Resistance, Acoustic PVB Interlayers, custom fluted/reeded patterns with edge-polished CNC grinding.
Plywood Certification:	IS 710 Marine Grade BWP (Boiling Water Proof) — 100% Jungle Hardwood core, phenol-formaldehyde adhesive, and zero-void structural plywood layers.
Hardware Mechanics:	Solid Forged Brass & SUS304 Stainless Steel — Tested for 100,000 opening cycles. Pilot-Proof Hand Operation. Rust-free coating resistant to coastal humidity and salt air.
Module Kitchen Tech:	German Blum & Hettich Motion Hardware — Synchronized leather-tandem drawer systems supporting integrated soft-close dampening.
Appliance Engineering:	Schott Ceran Glass & Baffleless Extractor — High-efficiency copper induction coils. 9-level slider touch controls. 1400m³/hr extraction with auto-clean thermal sensors.
Showroom Location:	Chelari, Malappuram (Calicut Bypass, Kerala) — Direct access on NH 66 for all material sample displays, live kitchen demonstrations, and dedicated architect lounge.

— PROFESSIONAL TRADE SERVICES

Dedicated support for Kerala's architects & designers.

Whether you're a solo architect or a multi-disciplinary studio, interior designers, and luxury villa contractors across Calicut, Malappuram, and Kochi — providing seamless technical specs, samples, and priority fulfillment.

Studio Sample Boxes
Physical hand-picks, IS 710 laminated cross-sections, and PVD brass finish swatches delivered directly to your studio.

CAD / DWG Specifications
Ready 2D/3D models, illumination technical drawings, and load-bearing data for architectural coordination drawings.

Architect Trade Pricing
Tiered trade billing, direct project quotes, and manufacturer-backed project warranties for high-volume orders.

Dedicated Trade Concierge
A single point of contact at our Chelari showroom for fast turnaround, client meetings, and material changeouts.

— FREQUENTLY ASKED QUESTIONS

Answers for architects & homeowners.

Everything you need to know about premium architectural glass, marine-grade plywood, designer kitchen fittings, custom glass cutting, and showroom appointments.

What hardware brands are fitted in your modular kitchen systems?
We supply genuine Austrian Blum (Tandembox & Legrabox) and German Hettich (InnoTech Arena) motion systems. Every drawer features soft-close mechanisms, lifting-door stays, integrated soft-close dampers, and electronic machine-level synchronization.

How do I verify authentic IS 710 Marine Grade Plywood?

Can you supply custom-cut fluted and toughened glass for partitions?

Do you provide delivery and logistics across Kerala?

Can architects and interior designers request material samples kits?

Where is your showroom located and do I need an appointment?
